

How To Sign Up!

Step-by-Step Instructions and Forms

To become a Network Service Provider and purchase a BellSouth DSL Solution

1. Contact your BellSouth account representative for assistance in getting started.
2. Establish access to the BellSouth ATM network. The type of connection is dependent on your bandwidth needs. Also, you may need to complete a "Fast Packet Agreement". Contact your account representative for details.
3. Work with your account representative to complete a "Form to Establish NSP Billing Account" (once your ATM access is in place). This form includes your contact information and account preferences for DSL support system access.
4. Sign a Loop List Agreement ("[Agreement For Provision of List of ADSL Qualified Loops](#)"), which will provide you access to bulk loop pre-qualification data for areas you select.
5. Read the [Generally Accepted Terms and Conditions \(GATC\)](#). Print and sign the [Acknowledgement of Terms and Conditions form](#) and fax to (404) 499-3420). Or work with your BellSouth account representative to obtain a Commercial Agreement.
6. Sign a "[BellSouth ADSL Services Payment Plan Agreement](#)" to establish terms if you choose to sell business class.

Provide two e-mail addresses so we can include you in all electronic communications with product and process updates.
